

MISSION OUTREACH PROJECT 2016

BUCKS for BUCKETS OF CLEAN WATER!

GOAL: \$6,000

DID YOU KNOW THAT . . .

Every minute a child dies of a water-related disease!

50 million people around the world lack access to safe water; approximately one in nine people!

Diarrhea caused by inadequate drinking water, sanitation, and hand hygiene kills an estimated 842,000 people every year globally, or approximately 2,300 people per day!

MADELINE FLORES-LOPEZ

Madeline serves as the coordinator of mission volunteers and groups throughout the Caribbean. Based in Santo Domingo, Dominican Republic, since 2003, Madeline works with a steadily increasing number of volunteers from the USA and Puerto Rico. Madeline's enthusiasm for missions is contagious. She stresses that missions are for everyone! "Any age, race, gender, color...you just need to have a "heart" to serve. Madeline oversees the distribution of water filtration buckets to many Dominican and Haitian families in the Dominican Republic.

- Each 5-gallon water filtration bucket is made of clay, silver, and other ingredients lasting for 5 years.
- Filtration guarantees water is 99.9% free of bacteria, including Cholera, E-coli, Gardia.
- The cost of one water filtration bucket is \$50.00.
- One filtration bucket given to a family/home to filter water from the faucet or river and used for cooking and drinking.
- Families save money since they do not have to buy water.
