

2016 Special Project

Weirton Christian Center

Goal: \$12,000

Before the age of five, children are like sponges and this is the best time to pour into them God's word, teaching them scriptures and how to pray. Since kindergarten went into the public schools in the 70's, Weirton Christian Center has offered a free preschool to the community. Our plan is to have a new building on our current property by our 100th anniversary in 2017.

The Build-A-Building Project will include a new preschool – under one roof with the after-school program. We are asking the WV American Baptist Women's Ministries 2016 Special Project be designated to help us create a state-of-the-art preschool to take us into the next centennial...and keep the CHRISTIAN option available for our children. An estimated budget of \$12,000 will provide our room with Lakeshore furnishings with a lifetime warranty and supplies to have the best possible Christian education for these 3 to 5 year old children. With this support we will be able to purchase the following:

- new tables and chairs
- several storage units
- four computers
- a book and communication center
- wall scriptures and Christian décor
