MISSION OFFERING

together
WE ARE WVBC.

Each summer, lives are changed as people meet Jesus at the West Virginia Baptist Camp at Cowen. For one High School camper in 2018, accepting Jesus as her Lord and Savior at camp was just the beginning of an amazing story. That week, this camper was surrounded in asking for boldness to share with her family what God had done in her life while also praying for her family to come to know Christ.

What happened at Cowen did not stay at Cowen. The new faith of a young girl's witness would go on to point her whole family to the saving grace of Jesus. With the love and support of a local WVBC church, her whole family has since prayed to accept Jesus and decided to be baptized. In turn they want to share Jesus with others and have volunteered to drive the church van to bring to church families who don't have transportation.

Cowen is a place where people meet Jesus and grow as His disciples in a community of faith. For more than 75 years, churches from the West Virginia Baptist Convention have supported this vital, life-changing ministry as we do Christ's work together! Each summer almost 2,000 students come to camp, grow as disciples of Christ, and leave camp taking the love of God to their friends, family, churches, community and to the world.

When you support the Mountain State Mission Offering you allow ministries like this to take place. This is just one of the many ways that we are **doing Christ's work together**.
